Kevin Ezell, "I think perhaps the strongest Southern Baptist Convention would perhaps be a smaller Southern Baptist Convention. There are 15,000 churches that don't baptize anyone. And in my opinion, that if you don't baptize no one in two years, we should put them on probation and eventually kick them out. I am absolutely serious. We got people wearing our uniform who are not on our team. They are bad advertisement. And that drags down the entire ship when there are that many lagging behind."
