Greetings,

I would like to share just a brief word of my friendship and fellowship over the years working alongside Dr. Will McRaney.

Dr. McRaney and I got acquainted in 2006 during a conversation on the phone while he was still a professor at New Orleans Baptist Theological Seminary. As Director of Evangelism for the Florida Baptist Convention I was looking for an "Evangelism Church Growth Strategist." After Dr. Roy Fish, Dr. Chuck Kelley and a number of other acquaintances recommended him, my desire for him to join our evangelism staff at the Florida Baptist Convention grew deeper.

We soon met face-to-face, prayed and talked more strategically. After that meeting it quickly became evident that he had all the tools and gifts we needed to help us make a huge difference in Florida's kingdom work.

Dr. McRaney's disciplines in study, writings and building team relationships with others across our state convention and country proved to be well worth his call to join us.

Dr. McRaney's personal love for the Lord and passion to help churches go to the next level was a key factor in helping the Florida Baptist Convention remain number one for years in the nation in state baptisms. During his last two years with the Florida Convention, our Executive Director Dr. John Sullivan tapped Dr. McRaney to provide strong leadership and an evangelistic thrust to the church planting staff.

While Dr. McRaney was on our staff it was a joy too also constantly observe the passion and love for his wife and family. Over the years I've continued to see these disciplines grow.

It has been a joy to call Dr. McRaney a friend and brother in Christ.

Remember: It is only GOOD NEWS...
.....if they hear it in time!

Research has shown that 79% of unchurched people would engage in a faith conversation if asked. That's the good news. But here's the bad news: only 39% of Christians have shared how to become a Christian with someone in the past six months. That's a 40% gap! Let David Burton Ministries help you INCREASE the percentage of people shared with in your community.
