

# Eight year Ezell/GCR Record

	Pre-GCR 2002–2009	Post-GCR 2011–2018	8-year cumulative difference	3-year trend 2016–2018
<b>Baptisms</b>	2,934,749	2,341,096	-593,653	-16.7%
<b>Baptism ratio</b>	-1:5	-1:12		-1:8
<b>Church plants</b>	12,350	6,824	-5,526	-32.6%
<b>NAMB church planting spending</b>	\$164,000,000	\$478,900,000	\$314,900,000	Similar
<b>Gain in total SBC churches</b>	2,235	1,692	-543	

Question: After \$1 Billion entrusted to Kevin Ezell/NAMB, what is the collective result?

## Pre- and Post- Ezell/GCR 1-year comparison

	Pre-Ezell/GCR 2009	Post-Ezell/GCR 2018	Difference between 2009 and 2018	% difference between 2009 and 2018
<b>Baptisms</b>	349,737	246,442	-103,295	-29.5%
<b>Baptism ratio</b>	1:46	1:60	-1:14	
<b>Baptisms per church</b>	7.77	5.19	-2.58	-33.2%
<b>Church type missions</b>	5,265	4,085	-1,180	-22.4%
<b>Church plants</b>	1,364	624	-740	-54.3%
<b>Church planting spending</b>	\$21,400,000	\$68,300,000	\$46,900,000	319%
<b>NAMB cost per plant</b>	\$15,696	\$109,455	\$93,759	697.3%

Comparison of key SBC/NAMB indicators 1 year prior to Kevin Ezell/GCR and 2018.

In 2013, Kevin Ezell stated an annual goal of 1,500 church plants then revised that number down to 1,200 in 2016.

This convention should not be satisfied with anecdotes from the stage. Call for clear answers from Kevin Ezell on these numbers. Call for reform.
