

April 8, 2020

[REDACTED]

I pray this finds you well and blessed in your ministry during these challenging times. I have the privilege to serve as a North American Mission Board Ambassador to Pastors and have recently been assigned to your area. My goal in the NAMB Ambassadors ministry is to express continuing gratitude for your leadership in support of our shared missions effort as Southern Baptists, to offer encouragement in the face of ministry challenges, and to partner with you in prayer in order to lift you, your family, and your ministry to the Lord.

I promise I will not fill up your email inbox! I will touch base with you no more than once every 2-3 months by phone, text, or email if you will allow me to do so. I also serve as a Pastor and have an idea of the challenges common to this great work. I assure you that I am not seeking anything from you, rather, my desire is to be a support to you in our joint efforts to advance the cause of Christ. I appreciate all you are doing for the Lord and His Church.

Would you help me by updating your profile information? It will only take a few minutes of your time, and as a token of my appreciation for doing so, I will send you a special gift in the mail as my way of saying thanks. The table on the back lists the info I would like to get from you. Any information you share will be kept confidential and won't be shared elsewhere. You can reply to my email, pastorfrank@paramountbaptist.com, and I will update your profile. Thanks so much!

Grace to You,

Frank Duncan
Lead Pastor
