Sir,

I want you to know that Dr. McRaney is telling the truth. Dr. Exell has personally signed threat letters. Dr. Warren, MABN President personally told me that Dr. Ezell was going to withhold funds...

Please don't continue to sweep this under the rug. Voting yesterday to call this reviewed and settled is a sharade. I ask you in Jesus name to have an independent investigation and do the right thing by Dr. McRaney.

V/R  
Steve
